From the Engineer-in-Chief (R&B) State Roads, Hyderabad,
Lr.No.32475/EE(II)/DEE.6/AEE.1/2013Dt: 2.7.2013.

ORDER:-

In the letter read above, the ENC (R&B) SR, Hyderabad has submitted the detailed estimates for the following two Roads:

1)Widening and strengthening of road from NH 202 ROB at Kazipet to Ursugutta (Kadipikonda –ROB link road Km 0/0 to 2/5 & Kadipikonda - Warangal road from Km 1/660 to 8/400) in Warangal District:

The road from NH 202 ROB at Kazipet to Ursugutta (Kadipikonda –ROB link road & Kadipikonda - Warangal road) are important 2 lane MDRs. These roads connect NH 202, ROB link road at Ursugutta, a link road between Hunter road and Rayapatnam-Kodad road (SH). The present traffic volume on these roads is 30280 PCUs per day. At present, widening of Hunter road from 2 lane to 4 lane is in progress. This road takes off on NH 163 @ Km 131/8-10 and ends on ROB link road at Ursugutta towards Khammam road in Warangal district. The heavy vehicular traffic /multi axle vehicles will ply on this road without entering the Warangal town and as such, this road acts as bye-pass road /ring road bye passing the town. It is one of the best ways to improve the transport system in Warangal town by widening 2 lane with paved shoulders with 10.0 m carriageway and partly to 4 lane.

2) Widening of 4 lane to Kazipet –Peddammagadda road from Km 5/0 to 9/470 in Warangal District.

The Kazipet-Peddammagadda road is an important MDR in Warangal town having a length of 9/470 Kms. This road connects NH 202, and Rayapatnam-Kodad road (SH). The heavy vehicular traffic//multi axle vehicles will ply on this road without entering the Warangal town as such this road acts as bye pass road/ring road /shortcut road to town. Most of the town traffic from Kazipet will ply on this road. This widening of the road avoids traffic congestions in town and straight away join on NH 163 at Peddammagadda .It is one of the most important road to improve the transport system in Warangal town by widening 2 lanes to 4 lane since out of the 9.470 Km, the existing road from NIT Warangal to Kakatiya University junction is already 4 laned and the balance length from 5/00 to 9/470 is proposed to 4 lane.

3 The ENC (R&B), SR, Hyderabad has certified that Stage-1 approval is not required as no land acquisition and shifting of utilities are required for taking up subject work without interruption for the above two works.
